### MOMO Riesling 2008

MOMO, meaning offspring in Maori, sprung from Seresin Estate in Marlborough, New Zealand.

Reflecting this heritage, MOMO selects sustainably and organically grown grapes from a small number of dedicated growers and embraces traditional winemaking. From these roots, MOMO has developed its own identity, producing wines which are true to variety and reflect the essence of their fruit characters.

MOMO is youthful, urbane and well travelled, with a subtle charm. Seriously stylish, MOMO loves good food and great conversation. MOMO is about enjoyment – the simple pleasure of good life and good wine.

The 2008 MOMO Riesling is a blend of fruit from vineyards located in the Wairau Valley of Marlborough. The fruit for this Riesling was picked on April 2 in the late evening and early morning, to ensure the fruit was cool when it reached the winery. After the juice was settled it was cool fermented to retain fruit flavour.
