**Production Notes:**

Parcels of premium Hawke's Bay fruit were pressed into stainless steel tanks and cool fermented. Several yeast strains were employed to express differing characters within the wine. The separate parcels were combined and lightly fined prior to bottling.

**Tasting Notes:**

Enticing straw yellow colour. Aromas of ripe tinned pineapple, sweet apricots and peach are abundant in the glass. Packed with fruit flavours, predominantly apples and peaches, it has lovely full weight, great body and viscosity. A rewarding and lingering citrus finish helps make this an enjoyable and easy drinking wine.
