GINGER BEER

Stone's Premium Alcoholic Ginger Beer

Produced in England since 1740, Stone's Original Green Ginger Wine has been made in Australia to the same ancient formula by Angove's Pty. Ltd. since the early 1960's. Ginger is one of the oldest herbs known to man and is popular in oriental cooking and confectionary. Ginger has also been linked with many therapeutic values. The ginger used for Stone's Ginger Wine is grown in Queensland at Buderim. The character of the ginger is drawn out by infusing it in spirit for an extended period. This infusion is then added to a neutral dry white wine, before it is then blended further with other components to make one of the varieties under the "Stone's" family label.

TASTING NOTES: Stone's Premium Alcoholic Ginger Beer is the latest addition to the Stone's family. This brewed product carries on the tradition of fine ginger drinks in the Stone's range. No beer fridge is complete without it.

A refreshing, zingy drink with a definite hit of ginger both on the nose and palate that is moderated by a softening sweetness. Stone's Premium Alcoholic Ginger Beer is the perfect way to quench the thirst on a hot summers day. It is equally at home over the bar by itself as it is with your favourite spicy Asian influenced cuisine.

Alc/Vol: 4.8%
