

GEWURZTRAMINER 2010

A nose of rose petals is followed by classic varietal flavours of stone fruit. For a gewürztraminer that borders on the sweet, I particularly enjoyed the wine's weightiness. It is big, bold, luscious and not for the faint-hearted. Enjoy with barbecued prawns and an Asian-inspired salad.

A stunning expression of the variety, very much in the frame of top Gewurztraminers from Alsace... The palate is opulent and richly textured with excellent mid palate weight and a superbly long finish. A wine of great harmony and balance.
